

## Sleep Staging

A decision support system for automatic sleep staging from EEG signals using tunable Q-factor wavelet transform and spectral features

Analysis and automatic identification of sleep stages using higher order spectra

An ensemble system for automatic sleep stage classification using single channel EEG signal

A rule-based automatic sleep staging method

Automatic Stage Scoring of Single-Channel Sleep EEG by Using Multiscale Entropy and Autoregressive Models

Reliability of Rapid Clinical Staging of All Night Sleep EEG

Sleep staging automaton based on the theory of evidence
